Mr. Allen W. Dulles -
Washington, D.C.

April 18th 1959

Dear Mr. Dulles:

This is for + about your dear Brother
John Foster Dulles -

Please don't think there isn't a cure for
Cancer. There is, and do not let any one tell you
different. M.D.'s and all. You say nothing to any one except
of course your brother + his wife. Get your brother to
The Cancer Clinic in Dallas², Texas, 4507 Gaston Ave.
Telephone Jenison 9973. and find out for yourself
that they do have several M.D.s. ~~There to cure cancer~~ ^{it}

They have a modern 54-room building, fully equipped
with modern laboratory facilities, manned by registered
technicians and a nursing staff headed by a registered
nurse, and a medical staff of licensed physicians.
under whose direct supervision all treatment is
carried out. I do hope you will try to do something

To help your brother with that terrible cancer.

The Dr. Hoxsey Cancer Clinic in Dallas, Tex

II

has cured many cancer patients when their doctors tell them they have done all they can and you know now that he will not live long so hurry and get him to Texas and see what can be done for him and they the M.D.s. there will tell you the truth. The X-ray + Ray treatments are just making your brother worse - just burning him - and making more cancer -

This doctor has a formula the patient takes internally to clear his blood of the cancer - He has cured thousands of poor cancer patients - & he will cure your brother if you will get him away from Washington D.C.

The U.S. has had a cancer cure since 1936. Morris Fishbein who was pres. of The American Medical Assn. came to this doctor Haxey and asked him for his Cancer Formula. Said he would keep him well supplied with money for ten years and after that he would give him

Said no so Morris Fishbein got mad & has

called Dr. Hoxsey a "quack" ever since, and had a number of M.D. licenses taken from them if ^{when} they use the Hoxsey Cancer treatment. So you see of few men in high office are law + let the poor cancer patients die because of money. The American Cancer Society + A. Medical Assn. are suppressing cancer cure! No. The people's money to pay bills, they are making in millions of dollars + the poor dumb people keep giving them their money thinking they are using it to find a cancer cure + no cure in sight yet, for them because Dr. Hoxsey already has the answer and cure. The big drug trusts are persecuting Dr. Hoxsey and the poor cancer patients. Dr. Hoxsey should have two gold medals, 1 for cancer cure, + 1 for fighting a battle of drug + medical dragons for 23 years. I do hope it isn't too late to save Mr. J. Buller. I couldn't sit back + say nothing + let him

I hope you Mr. Allen & others get this letter.

If in doubt please -

State Senator John J. Haluska,
Patton, Pa.

Dr. Hoxsey cured his younger sister of
Cancer & his sister in law too.

Dear Mr. Dulles:

This is for and about your dear brother John Foster Dulles.

Please don't think there isn't a cure for cancer. There is and do not let anyone tell you different - M. D.'s and all. You say nothing to anyone except, of course, to your brother and his wife. Get your brother to The Cancer Clinic in Dallas 22, Texas, 4507 Gaston Ave., telephone --Tension 9973 and find out for yourself that they do have several M. D.'s there and do cure cancer if the patient isn't too far gone.

They have a modern 54-room building, fully equipped with modern laboratory facilities, manned by registered technicians and a nursing staff headed by a registered nurse, and a medical staff of licensed physicians under whose direct supervision all treatment is carried out. I do hope you will try to do something to help your brother with that terrible cancer.

Morris Fishbein who was Pres of the American Medical Assn. came to this Doctor Hoxsey and asked him for his cancer formula said he would keep him well supplied with money for ten years and after that he would give him 10 per cent from the cancer patients and Dr. Hoxsey said
